Course Title: Home and Interiors

Course Number: 00780

Course Prerequisites: N/A

Course Description: Home and Interiors is an entry level elective course for grades 9-12 introducing students to the professional, technical, and esthetic aspects of the interior/exterior environment. Students study both residential/commercial architecture and interior/exterior design by combining studies in art, history, computers, and business. Challenging activities expose students to production of technical drawings, the latest technology in solving problems, traditional drafting methods, and presentation of plans. At least one design board project highlighting interior design or exterior housing trends will be completed. Students are responsible for providing all project materials needed. A final examination is required.
